“ *Butch is my Uncle.  
I remember as a little girl he took me to artshows at Olana, where he displayed his oil paintings with other local artists alongthe paths at Olana. He introduced me to disco , Woodstock and yard sales. I loved his wild laugh and his love of orange juice.  
His influences reach deep. I love you Uncle Butch.*

“ *Uncle Butch, in our youth you were the one that we looked forward to spending time with the most. You taught us art, nature, disco, and made time for us when we needed fun in our lives the most, despite loosing your sister our mother. I truly love you and wish we spent time together in later years.  
I will forever be grateful for you being part of our lives as wild and crazy as you were.  
Love Chris*
