“ *My cousin Eva although we weren't really not close due to age difference I remember you babysitting sitting for us and we ate a whole box of malted milk balls and you got so sick we had to call my parents home early and another time there was a bat in the upstairs bedroom that freaked you out but you managed to get it out. I always thought you were so pretty and love your upbeat personality. You fought long and hard and now may you rest in peace.*

“ *Even having to write something like this is breaking my heart . I have so much to say yet I can't really put it into words. You were by far the strongest person , you fought so hard for so many years and yet were still so happy and loving the whole time. You can never prepare yourself to lose someone you love so much and we're so close to your whole life. I'll never forget a single memory we have together and I'll make sure to tell my baby about everything we used to do when I was little. I'll make sure he never forgets you. You loved us so much and I'll miss you always. We love you so much ❤️*

Very sad to see this news. Eva and her best friend at the time (Sharon) were middle school and high school buddies of mine. That was almost 50 years ago but I never forgot them. I remember Eva as a sweet and happy person and I have fond memories of her. Rest in peace my friend!
