“*Francene and I were the best of friends when we lived in Mellenville. She lived in the little house by the creek and I lived on then Kraft Lane. We would ride Rowlen's bus together and get off on the same bus stop. She would run home to peel potatoes and start the evening meal then do homework Then she would go to her Grandma trailer to visit her beloved Grandma Quinion Sometime we would ice state on the creek beside the house and sometime we would walk to the Cemetery to ice skate on the tributaries on Tipples farm land. How we laugh as we plowed threw the deep snow of the Cemetery and back woods. So young and happy to be alive and enjoying each other.*

*She had a record player and quite a few 45 record. We would dance in the Livingroom, comb our hair out, and just enjoy being little girl. Her father would work in the garage and Butch had a motor cycle which we got to ride on. I got to ride on the gas tank. I was so scared I was going to fall off especially when Buch roar the motor and did a sharp turn. I remember Francene's father loved to hunt and once he took the bow and arrow out and shot an arrow across the creek into a tree for TV reception. I guess it worked because we could watch Walt Disney's Mickey Mouse Club and Dick Clark. Francene those were the days of our Wine and Roses! May God Bless you and keep you in his loving arms.*
