“ *Our friendship goes back more than 30 years. Although we drifted in different directions, no matter when or where we saw one another we embraced with love and caught each other up on the kids and our lives. Your beautiful soul always shone through your beautiful eyes, Facebook kept us connected in the more recent years. I am sad that you are no longer with your children and grandchildren. I know how much you loved them. Rest in Paradise me dear sweet friend until we meet again.*

“ *You were there when no one else was. You NEVER treated me or my children any different than your biological kids and we love you more than you know. Idk how I will get thru this but I will be as strong as I can cause I know you would depend on me to take care of Angel. Sip until we meet again*
