“ My first interaction with Jace was when I started subbing at Taconic Hills. The first time he ever spoke to me was to compliment me on a belt I was wearing. He was always the class clown who made all the kids laugh and enjoyed making people smile. Jace, I will remember you as the happy go lucky good ball that you were ❤️ Many times you made it impossible for me to keep a straight face in class 😂 I would like to share some great memories I hold dear from this past school year...the time you shaved just the top of your head because you said u wanted to twin with Mr. Spock! The time you microwaved a can of spaghettios! You said your Mom spoils you and u didn't realize you can't put metal in the microwave lol and I know she did because she's a great loving Mother! The many days of watching you obsessively solve that pyramid puzzle and never get bored of it! The bond that you and Dylan Mellan had to me was just magical and untouchable -you guys really formed a great bond, friendship or as us teachers called it a "bromance". I remember Dylan would scoop you up because he's so tall and you're so tiny and throw u around his waist and walk around like you were his belt lol then u would beg me to "take our picture" 😊 Every time I think of you as much as it hurts I will smile because I will remember the good times and what a big heart you had R.I.P. Sweet child Love always, Ms. Dwy
