Tribute Wall

“ For 30 years I didn't even know you existed. Until a rough point in my life when we crossed paths at a shelter in glens falls. I remember talking out front in a group with a few people I knew from the previous year at the shelter. Something came up where I exposed where I was from originally and you chimed in and said you were from the same area and I asked of you knew Renee Smith or Casper Brooks and you immediately said "yes, Renee is my sister" and it clicked I had a long lost uncle... But deep down inside i feel like I've known you my whole life. I miss you so much Uncle Jay there isn't a day that goes by where I don't miss you or think about you.
