“ I shall miss you uncle from the bottom of my heart. I have found memories growing up for that I thank you. You were such a talented painter, would watch you paint so carefully and wondered to myself if I could do that .(nope I am very-very messy). Awesome homemade reindeer display you made, Yes after years it did fade. Me and my sisters, big bro at time couldn't wait for Christmas you know how that goes, but for us it was two all in same day cause our Uncle is coming we got to play,with you and our cousins and have a great time. So many extra tables around the house I wasn't so sure we would fit in the house. And yes the snowballs did hurt a lot, I used to watch you put puzzles together that seemed impossible but for you they were not .And (What do you have on top of that head) My big hair, LOL will always remind me of you. Our personal joke. I have plenty of smiles with you and my mom wondering what flea market treasure you would find. I thank you again Uncle of mine till the good lord brings us together in time.
LOVE YOUR NIECE LISA
