“ I am truly sorry for the loss of Kristyn. I loved talking with her about our lives and our families. She had a huge heart and really loved her own family so much. She told me about her grandchildren and children a lot when we worked together. Her and I talked about my nephew and every time she worked at my branch she would ask about him. She would get a happy meal and give me the toy to take home to him each and every time. She was so sweet and wonderful. She will always be very much missed by everyone who knew her. She was always a joy to be around.
